

# GABBART AND WOODS STUDIO

## ANNIE VON FELTEN / SE

### Education

Master of Science: Civil Engineering, University of California, Davis - 2003

Bachelor of Science: Civil Engineering, University of California, Davis – 2001

### Licenses

Structural Engineer: CA

Civil Engineer: CA & NV

### Affiliations

President / Tahoe-Truckee Engineers Association (TTEA), Structural Engineers Association of Northern California (SEAONC), American Institute of Steel Construction (AISC), Contractors Association of Truckee Tahoe (CATT)

### Overview

Annie's professional background encompasses an impressive range of experiences. While working on her Master's Degree at the University of California, she taught structural engineering courses to undergraduates and worked with the California Department of Transportation investigating the seismic response of the I-880 Cypress Highway bridge structure. Later, while employed by a Bay Area structural engineering firm, she worked on the design of steel components of the new Bay Bridge spanning between Oakland and Yerba Buena Island. Annie's professional interests include historical buildings and sustainable design and her projects reflect her sensitivity to architectural intent, attention to detail, and excellent field coordination.

Annie has been Principal in charge of a range of projects including:

- Truckee Airport Administration Building
- Schaffers Mill Resort Golf Complex
- Washoe Valley Working Ranch Complex

Annie has been project Principal in charge for many noteworthy residences, collaborating with award-winning Architects including:

- Ted Brobst / Ward-Young Architects / Truckee
- Sage Architecture / Sacramento
- Bohlin Cywinski Jackson / San Francisco
- Pfau Long Architecture / San Francisco
