

COMPANY PROFILE

GABBART & WOODS STRUCTURAL ENGINEERS / RENO (a DBA for Gabbart & Woods Reno Ltd, a Nevada corporation) is a project delivery company formed by members of the Gabbart and Woods Studio.

Since 1995, **GABBART & WOODS STRUCTURAL ENGINEERS / RENO** has produced a majority of the commercial and industrial work in the Gabbart and Woods Studio portfolio, and many noteworthy civic and residential projects as well. We consult for a wide variety of builders, developers and architects, and many clients have been with the company for decades.

Our team brings over 80 years of combined experience and dedication in the industry as well as the innovative use of the latest technology in analysis and BIM delivery systems to provide cost effective, simple structural solutions to complex problems in the commercial and residential market place. We highly value the contributions of the construction team in helping develop these answers.

No project is too small for our industrious group and with the resources from the entire Gabbart and Woods Studio we produce even the largest commercial – industrial projects in a competitive time frame.

Responsiveness, value engineering, excellence and integrity are all hallmarks of the company.
